**Subject:** FW: Mid-Coast TMDL Check-in

EPA partners-

This is the closest thing to an agenda for the check in

**Subject:** RE: Mid-Coast TMDL Check-in

All,  
I think it would be useful to hold the meeting to:

- discuss and agree on the key action items/follow-up, including target dates for the next Sediment TWG and biocriteria meeting (and any advance materials to send out); this will help with the Action Items memo;
- discuss and agree on the next few LSAC/TWG meetings; we left folks hanging (except Bacteria TWG); note that the federal reps (BLM, EPA, and NOAA, I assume) indicated that they need a month (or more) to get travel requested and a decision from Management;
- solicit Jenny's and/or Helen's feedback on the sediment approach that was presented;
- briefly discuss next step(s) with ODF-DEQ workgroup;

This should take ~ 45-60 min tops.

Let me know if this is OK.

Kevin and I can fill in for you by speculating wildly on "What Would Gene Say?"

Are there enough attendees and/or topics to justify having the meeting?
